INFORMATION FOR UNITED STATES SHAREHOLDERS

U.S. Investment Company Act Considerations and Restrictions

Based on its current assets, and absent an exemption under the *U.S. Investment Company Act*, Alaris may be deemed to be an "investment company" as defined in the *U.S. Investment Company Act*. The *U.S. Investment Company Act*, among other things, prohibits foreign investment companies from publicly offering their securities in the United States. However, Alaris relies on the exemption provided in Section 3(c)(7) of the *U.S. Investment Company Act*, which provides that a company is excluded from the definition of an "investment company", and is therefore excluded from regulation under the *U.S. Investment Company Act*, if its securities have only been issued to persons that are: (1) located in the United States, or (2) are U.S. Persons, or (3) acquiring securities for the account or benefit of persons located in the United States or U.S. Persons and that are Qualified Purchasers and it does not make a public offering of its securities in the United States. Consequently, to comply with the Section 3(c)(7) exemption, Alaris will issue Common Shares only: (i) outside the United States to non-U.S. Persons in offshore transactions in reliance on Regulation S, or (ii) in the United States or to U.S. Persons or for the account or benefit of persons located in the United States or U.S. Persons. Generally, Alaris has issued Common Shares to Qualified U.S. Purchasers (which also requires the holders to be Qualified Institutional Buyers under Rule 144A) that may not resell their Common Shares in the United States or to U.S. Persons who, or to persons acquiring securities for the account or benefit of persons located in the United States or, U.S. Persons. For a more complete description of the restrictions affecting the Common Shares, see "Ownership and Transfer Restrictions".

ERISA Restriction of No Ownership by Plans

Alaris will prohibit investment in Common Shares by "benefit plan investors," as well as other similar investors, and, therefore, transfers of Common Shares to such investors will also be prohibited. For these purposes, "benefit plan investors" are "employee benefit plans" (within the meaning of Section 3(3) of ERISA) subject to Part 4 of Subtitle B of Title I of ERISA, plans (including individual retirement accounts and other arrangements) subject to Section 4975 of the U.S. Tax Code, and entities whose underlying assets are deemed to include "plan assets" under the Plan Asset Rules. Other benefit plans that are not subject to the Plan Asset Rules, such as the plans of churches or governmental entities or other non-U.S. plans, may be subject to laws or regulations that are similar in effect to the Plan Asset Rules, the fiduciary responsibility requirements of ERISA or the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the U.S. Tax Code, and, therefore will be treated by Alaris as benefit plan investors. For a more complete discussion of the prohibition on investment by and transfers to benefit plan investors, see "Schedule 4 – Ownership and Transfer Restrictions"

16. Q: If my Common Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote them?

A: If Common Shares are listed in an account statement provided to you by a broker, then in almost all cases those Common Shares will not be registered in your name on the records of Alaris. Such Common Shares will more likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of shares are registered under the name of CDS & Co. (the registration name for CDS, which acts as nominee for many Canadian brokerage firms).

There are two kinds of beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "OBOs" for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called "NOBOs" for Non-Objecting Beneficial Owners).

The Corporation will not be delivering proxy related materials directly to NOBOs. As required by Canadian securities legislation, you will have received from your nominee either a request for voting instructions or a Form of Proxy for the number of Common Shares you hold.

For your Common Shares to be voted, please follow the voting instructions provided by your nominee. **Every nominee will have its own mailing procedures and provide its own return instructions, which should be carefully followed by you to ensure that your Common Shares are voted at the Meeting.** Common Shares that are held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against or withheld from voting on resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by Alaris to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions

from clients to Broadridge. Broadridge typically prepares a machine readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of Common Shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity.

Since Alaris does not have unrestricted access to the names of its non-registered Shareholders, if you attend the Meeting, Alaris may have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the request for voting instructions or Form of Proxy and return same by following the instructions provided. You can indicate on the Form how you wish your shares to be voted. If you wish to give voting discretion, do not otherwise complete the form as your vote will be taken at the Meeting. Please register with the transfer agent, Computershare, upon arrival at the Meeting.

17. Q: What if I would like to ask a question at the Meeting?

A: You can ask your question in person at the Meeting or submit your question at the time of registration at the Meeting with Alaris' transfer agent, Computershare. You can also submit a question by writing to the Corporate Secretary at:

Alaris Royalty Corp.
Suite 250, 333-24th Avenue SW

BUSINESS OF THE MEETING

1. FINANCIAL STATEMENTS

The Financial Statements and Annual MD&A are available under our corporate profile on SEDAR. Copies of the same will also be available at the Meeting.

2. FIXING NUMBER OF DIRECTORS

At the Meeting it is proposed that the number of directors to be elected at the Meeting to hold office until the next annual meeting or until their successors are elected or appointed, subject to the Articles and By-laws of Alaris, be fixed at seven (7). **Unless otherwise instructed, the persons named in the enclosed Form of Proxy, if named as a proxy, intend to vote for an ordinary resolution fixing the number of directors to be elected at the Meeting at seven (7), subject to amendment between annual meetings by the Board of Directors in accordance with the Articles and applicable law.** The fixing of the number of directors at seven (7) must be approved by a simple majority of votes cast at the Meeting in person or by proxy.

3. ELECTION OF DIRECTORS

The seven (7) nominees proposed for election as directors of Alaris are: Jack C. Lee (Chair), E. Mitchell Shier, Mary C. Ritchie, John P.A. Budreski, Stephen W. King, Robert Bertram and Gary Patterson. Please see the director descriptions starting at page 15 of this Information Circular for more information about each of these director nominees. All nominees have established their eligibility and willingness to serve as directors. Directors will hold office until the next annual meeting of Shareholders or until their successors are elected or appointed. As required pursuant to the policies of the TSX, the election of directors will be conducted on an individual basis rather than as a slate.

Unless otherwise instructed, the persons named in the enclosed Form of Proxy, if named as a proxy, intend to vote for the individual election of each of the nominees set forth above. If, for any reason, at the time of the Meeting any of the nominees are unable to serve, and unless otherwise specified, it is intended that the persons designated in the Form of Proxy will vote at their discretion for a substitute nominee or nominees.

The Board has adopted a majority voting policy, which provides that in respect of Shareholder meetings involving the uncontested election of directors, any nominee director who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election (a "majority withhold vote") shall tender his or her resignation for consideration by the Board to the Chairman, Governance Matters of the CG Committee promptly following certification of the shareholder vote. If the Chairman, Governance Matters of the CG Committee receives a majority withhold vote, then he or she shall tender his or her resignation to the Chairman of the Board. The CG Committee will promptly consider the tendered resignation and recommend to the Board whether to accept or reject it. In determining whether to recommend acceptance or rejection of the tendered resignation, the CG Committee will consider all factors it deems relevant including, without limitation:

- a) the reasons, if known, why Shareholders "withheld" or were requested to "withhold" votes from the director;
- b) the director's length of service and qualifications;
- c) the director's share ownership;
- d) the director's contributions to the Corporation;
- e) the current mix of skills and attributes of the directors on the Board;
- f) the impact with respect to covenants in agreements or plans; and
- g) legal requirements, policies or guidelines (regulatory, securities or corporate laws, or stock exchange rules) for director numbers and qualifications.

The Board will then consider the CG Committee's recommendation not later than 90 days following the date of the Shareholders meeting at which the election occurred. In deciding whether to accept or reject the tendered resignation, the Board will consider the factors considered by the CG Committee and any additional information and factors the Board believes to be relevant. Promptly following the Board's decision, the Corporation will disclose that decision, including an explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation, in a press release. If the Board decides to accept the director's resignation, the CG Committee will recommend to the Board whether to fill the resulting vacancy or to continue with the reduced size of the Board.

The majority voting policy provides that any director who tenders his or her resignation pursuant to the majority voting policy will not participate in the CG Committee recommendation or the Board consideration whether to accept or reject the tendered resignation. In the event that any director who received a majority withhold vote does not tender his or her resignation in accordance with this Policy,

he or she shall not be re-nominated by the Board and shall not be entitled to any benefits (financial or otherwise) of a director or past director of the Corporation.

The Board and the CG Committee may adopt such procedures as it sees fit to assist in its determinations under the majority voting policy.

4. APPOINTMENT OF AUDITORS

The directors propose that the firm of KPMG LLP be appointed as auditors of Alaris for the fiscal year ending December 31, 2016. KPMG LLP has served continuously since July 31, 2008 as Alaris' sole auditing firm. **Unless otherwise instructed, the persons named in the enclosed Form of Proxy, if named as a proxy, intend to vote for the appointment of KPMG LLP as auditors and to authorize the directors to fix the remuneration of the Auditors.**

Please see "Audit Committee Information – External Auditor Service Fees" in the AIF for a summary of the fees paid to KPMG LLP over the last two fiscal years.

AREAS OF EXPERTISE OF NON-EMPLOYEE NOMINEES FOR THE BOARD OF DIRECTORS

ADDITIONAL DISCLOSURE RELATING TO DIRECTORS

In fiscal 2015, no director of Alaris served on an outside board with any other director of Alaris, except John Budreski and Mary Ritchie who serve on the EnWave Corporation board together.

To Alaris' knowledge, no proposed director of Alaris:

- 1) is, as at the date of this Information Circular, or has been, within the 10 years before, a director, CEO or CFO of any company (including Alaris):
 - a) subject to an order (including a cease trade order, or an order similar to a cease trade order, or an order that denied the relevant company access to any exemption under securities legislation) for a period of more than 30 consecutive days, that was issued while the proposed director was acting in the capacity as director, CEO or CFO; or
 - b) subject to an order (including a cease trade order, or an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation) for a period of more than 30 consecutive days that was issued after the proposed director ceased to be a director, CEO or CFO and which resulted from an event that occurred while that person was acting in the capacity as director, CEO or CFO;
- 2) is, as at the date of this Information Circular, or has been, within the 10 years before, a director or executive officer of any company (including Alaris), that while that person was acting in that capacity or within a year of the person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- 3) has, within the 10 years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director;

Except as follows:

- (1) Until March 2, 2010, Messrs. Budreski and Patterson were directors of EarthFirst. EarthFirst was engaged in development of wind power and related generation facilities, when it obtained creditor protection under the CCAA on November 4, 2008. The CCAA process has now been completed and Earth First Canada has been amalgamated with another company and no longer exists as a separate entity.
- (3) Mr. Budreski became a director of Colossus in late March of 2014 pursuant to the terms of, and upon the completion of, a Court supervised restructuring. Prior to Mr. Budreski joining the Board of Colossus, Colossus had failed to file its requisite disclosure materials with the applicable regulatory bodies and, on April 29, 2014, the Ontario Securities Commission issued a cease trade order against Colossus. As of the date hereof, the cease trade order remains in effect.
- (2) Mr. Lee was a director of Darian. Darian was engaged in the business of oil and gas exploration and development. Darian obtained creditor protection under the CCAA pursuant to an order granted on February 12, 2010 by the Court of Queen's Bench of Alberta. The CCAA process has now been completed and Darian was sold to Crescent Point Energy Corp., and as a result, Darian's creditors were repaid in full and its equity holders were repaid an additional \$30 million.

To Alaris' knowledge, none of its proposed directors have been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable Shareholder in deciding whether to vote for a proposed director.

BOARD OF DIRECTORS COMPENSATION

HOW WERE ALARIS' DIRECTORS COMPENSATED IN 2015?

The compensation program for non-employee directors has two primary objectives:

- (i) to align directors' interests with the interests of our shareholders; and
- (ii) to fairly and competitively compensate directors in order to attract well qualified board members.

In determining the appropriate compensation for non-employee directors, the board considers the time and effort required to fulfill their responsibilities and contribute to the effective management and direction of the enterprise. In this regard, the compensation structure for Alaris' non-employee directors consists of two elements:

- (i) a cash retainer fee, and
- (ii) equity based compensation in the form of RSUs issued under our RSU Plan.

Directors are also reimbursed for any travel and out-of-pocket expenses incurred in attending Board and Committee meetings.

RETAINER FEES

Non-employee directors are entitled to receive an aggregate annual retainer fee in an amount equal to the cash dividends that such director would have received on the Common Shares underlying their outstanding RSUs if such RSUs were vested. Such retainer fees are paid on a monthly basis, with the determination of the monthly amount being made on the applicable monthly dividend declaration date. The following table sets forth the cash retainer fees paid to non-employee directors in 2015:

Name	Retainer Fee (\$)
Jack C. Lee	\$26,401
Mary C. Ritchie	\$22,377
E. Mitchell Shier	\$22,377
John P.A. Budreski	\$22,377
Gary Patterson	\$22,377
Robert Bertram	\$22,064

Note:

- (1) The amount paid to Mr. Lee is higher as Mr. Lee was granted additional RSUs in recognition of the additional duties and responsibilities attributed to his position as Chairman of the Board and the amount for Mr. Bertram was lower due to the fact that he held less RSUs for a portion of the year as he joined the board mid-2014.
- (2) In recognition of the \$150,000 limit (described on the next page) with respect to the grant of RSU's to non-employee directors, the Board has the discretion to award Mr. Lee an additional cash retainer in an amount equal to 25% of the market value of any vested RSUs during the course of a fiscal year if it is determined that such additional compensation is necessary, having regard to the additional duties and responsibilities attributed to his position as Chairman, market analysis and corporate performance (if the Board exercises its discretion to award such additional cash retainer, it will be paid on the vesting date of such RSUs). In exercising this discretion, the Board will consider, among other things, the compensation awarded to all other non-employee directors in a particular year and the responsibilities of the Chairman for such year.
- (3) The Board has the discretion to approve an additional cash retainer fee to be paid to all non-employee directors, including Mr. Lee, if it is determined that additional compensation is required based on, among other things, increased duties and responsibilities of the non-employee directors, corporate performance and market analysis.

DIRECTORS' SHARE OWNERSHIP

As at the date of this Information Circular:

- total Common Shares held by non-employee directors: 387,309
- total RSUs held by non-employee directors: 88,377
- total value of Common Shares and RSUs held by non-employee directors: \$14,018,466 (based on the closing price of the Common Shares on the TSX on April 6, 2016, which was \$29.47).

Pursuant to Alaris' share ownership guideline for its non-employee directors, a policy adopted by Alaris in 2014 that strives to ensure that the interests of directors and shareholders are aligned and to demonstrate the Board's long-term commitment to growth and continuance of a sound corporate governance program: (i) it is recommended that each non-employee director maintain a minimum share ownership equal to two (2) times the most recent annual equity grant issued to such director; and (ii) each director is expected to achieve this level of share ownership within two (2) years of their initial appointment to the Board. This guideline is intended to be a guideline only and the Board continues to have the discretion to adjust or change such guideline as the circumstances warrant. As of the date hereof, all directors of Alaris meet this ownership requirement.

Restricted Share Units Outstanding

Jack C. Lee	16,692
Mary C. Ritchie	14,337
E. Mitchell Shier	14,337
John P.A. Budreski	14,337
Gary Patterson	14,337
Robert Bertram	14,337
Total	88,377

Note:

- (1) Mr. Lee was granted more RSUs than the other non-employee directors of Alaris in recognition of the additional duties and responsibilities attributed to his position as Chairman of the Board.

The RSUs issued to the non-employee directors have different vesting conditions than the RSUs issued to Alaris' Named Executive Officers and employees. The CG Committee has determined that the different vesting conditions were appropriate because non-employee directors' compensation is primarily composed of equity compensation. The RSUs issued to such directors are intended to compensate such directors for their services, provide long-term incentive to them and align their interests with those of the Shareholders.

The Board has approved an annual grant of RSUs to the non-employee directors in an amount equal to 5,000 RSUs (6,250 for Mr. Lee), subject to an aggregate limit of \$150,000 in grant date fair value for each non-employee director (for greater certainty if the grant date fair value of the annual grant of 5,000 RSUs would exceed \$150,000, then the number of RSUs granted to the non-employee directors shall be reduced to such number as would have a maximum grant date value of \$150,000). Such RSUs vest at the end of three (3) years following the date of grant. The annual grant of RSUs to non-employee directors in a particular year will generally coincide with the vesting date in such year of RSUs that were previously issued to non-employee directors.

On November 25, 2015 the following RSUs held by non-employee directors vested and the following Common Shares were issued as a result. In addition, in accordance with the annual grant of RSUs approved by the Board, the following additional RSUs were immediately granted to the non-employee directors to replace the vested RSUs, which issued RSUs formed part of the non-employee directors' compensation for 2015:

Name	Nov. 25, 2015 (RSUs Vested)	Nov. 25, 2015 (Common Shares Issued)	Nov. 25, 2015 (RSUs Granted)
Jack C. Lee	6,250	6,250	6,105
Mary C. Ritchie	5,000	5,000	5,000
E. Mitchell Shier	5,000	5,000	5,000
John P.A. Budreski	5,000	5,000	5,000
Gary Patterson	5,000	5,000	5,000
Robert Bertram	5,000	5,000	5,000

Note:

- (1) On January 29, 2015, 5,000 RSUs vested for each non-employee director (6,250 for Mr. Lee and 2,500 for Mr. Bertram) and the corresponding number of Common Shares were issued to the non-employee directors. An additional 4,337 RSUs were then immediately granted to such directors on January 29, 2015 as part of their compensation for the year ended December 31, 2014. While the vesting date for the RSU's that vested on January 29, 2015 was originally scheduled to occur in November 2014, the vesting for such RSU's, and the related annual grant of the RSU's as part of the non-employee director's compensation for the year ending December 31, 2014, was delayed to January 29, 2015 as a result of the restrictions set forth in the RSU Plan.
- (2) The non-employee directors received less than 5,000 additional RSUs on January 29, 2015 for their fiscal 2014 compensation in accordance with the aggregate grant date fair value limit of \$150,000 based on a VWAP of \$34.58 as of that date.

Unless otherwise agreed by the Board, if a director is no longer a director of Alaris, the director ceases to be a participant under the RSU Plan, and forfeits all unvested RSU awards.

Directors' Summary Compensation Table

The following table sets out for the year ended December 31, 2015 information concerning the compensation paid to our non-employee directors for that fiscal year:

Directors	Fees earned (\$)	Share-based awards (\$) ⁽¹⁾⁽²⁾	Option-based awards (\$)	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other compensation (\$)	Total (\$)
Jack C. Lee	26,401	150,000	-	-	-	-	176,401
E. Mitchell Shier	22,377	122,850	-	-	-	-	145,227
Mary C. Ritchie	22,377	122,850	-	-	-	-	145,227
John P.A. Budreski	22,377	122,850	-	-	-	-	145,227
Gary Patterson	22,377	122,850	-	-	-	-	145,227
Robert Bertram	22,064	122,850	-	-	-	-	144,914

Notes:

- (1) In the table above, the grant date fair value was calculated based upon the deemed or actual, as applicable, market price of the Common Shares on the date the RSUs were granted and assuming that Alaris would satisfy all of the vesting conditions for the currently issued and outstanding RSUs. For RSUs granted on Nov. 25, 2015, the grant date fair value was \$24.57 per Common Share which was the five day volume weighted average price of the Common Shares on the day of vesting. However, the value of an RSU to be recognized by the director for income tax purpose on the date the RSU vests will be the market value of the Common Shares on the date of vesting and can therefore fluctuate from the grant date fair value used to calculate the value disclosed in the table above.
- (2) The RSU awards set forth in the table above were issued as part of the compensation for non-employee directors for the fiscal year ending Dec. 31, 2015. The non-employee Directors were also each issued \$149,973 of RSUs on January 29, 2015, such RSU's were issued to the Directors as compensation for the fiscal year ended December 31, 2014. Such RSUs, while initially scheduled to be granted in November 2014, were not granted until January 29, 2015 as a result of the restrictions set forth in the RSU Plan. The value is based on the grant date fair value of RSUs granted to the non-employee directors on the date of grant, which was \$34.58 for each RSU.

Directors' Outstanding Option-Based Awards and Share-Based Awards

For each of our non-employee directors, the following table sets out all option-based awards and share-based awards outstanding at the end of the year ended December 31, 2015.

Name	Option-based Awards				Share-based Awards	
	Number of securities underlying unexercised options (#)	Option exercise price (\$)	Option expiration date	Value of unexercised in-the-money options ⁽¹⁾ (\$)	Number of shares or units of shares that have not vested (#)	Market or payout value of share-based awards that have not vested ⁽²⁾ (\$)
Jack C. Lee	-	-	-	-	16,692	392,262
Mary C. Ritchie	-	-	-	-	14,337	336,920
E. Mitchell Shier	-	-	-	-	14,337	336,920
John P.A. Budreski	-	-	-	-	14,337	336,920
Gary Patterson	-	-	-	-	14,337	336,920
Robert Bertram	-	-	-	-	14,337	336,920

Notes:

- (1) Non-employee directors have not been granted Options.
- (2) Calculated based on the \$23.50 closing price of the Common Shares on the TSX as of December 31, 2015 and on the assumption that vesting criteria was satisfied at December 31, 2015. However, the value of an RSU to be recognized by the director for income tax purposes on the date the RSU vests will be the fair market value of the Common Shares, being the five day VWAP for the five trading days preceding the date of vesting and can therefore fluctuate from the grant date fair value used to calculate the value disclosed in the table above.

Directors' Incentive Plan Awards - Value vested or Earned During the Year

For each of our non-employee directors, the following table sets out the value of option-based awards and share-based awards which vested during the year ended December 31, 2015 and the value of non-equity incentive plan compensation earned during the year ended December 31, 2015.

Name	Option-based awards- Value vested during the year ⁽¹⁾ (\$)	Share-based awards- Value vested during the year ⁽²⁾ (\$)	Non- equity incentive plan compensation- Value earned during the year ⁽³⁾ (\$)
Jack C. Lee	-	153,563	-
Mary C. Ritchie	-	122,850	-
E. Mitchell Shier	-	122,850	-
John P.A. Budreski	-	122,850	-
Gary Patterson	-	122,850	-
Robert Bertram	-	122,850	-

Notes:

- (1) Non-employee directors have not been granted Options.
- (2) The following RSUs held by non-employee directors vested on Nov. 25, 2015 and the same number of Common Shares were issued to non-employee directors except for Mr. Lee who received 6,105 RSUs: Mary C. Ritchie, 5,000; E. Mitchell Shier, 5,000; John P.A. Budreski, 5,000; Gary Patterson 5,000; and Robert Bertram, 5,000. The value of the vested RSUs was calculated based on the five day volume weighted average price on the day of vesting which was \$24.57. In addition to the above, RSUs in the following amounts vested and 4,337 RSUs were immediately granted in exchange for the vested RSUs to each Director on January 29, 2015 (these additional RSUs represent the equity portion of the non-employee director's 2014 compensation however such RSUs could not vest as originally scheduled to occur in November 2014 and the subsequently granted RSUs could not be granted until January 29, 2015 as a result of the restrictions set forth in the RSU Plan): Jack C. Lee, 6,250; Mary C. Ritchie, 5,000; E. Mitchell Shier, 5,000; John P.A. Budreski, 5,000; Gary Patterson 5,000; and Robert Bertram, 2,500. The value of the vested RSUs for all non-employee directors was \$172,900 with the exception of Mr. Lee and Mr. Bertram which had RSUs vested worth \$216,125 and \$86,450 respectively. The value of the January 29, 2015 vested RSUs has been calculated based on the five day volume weighted average price on the day of vesting of \$34.58
- (3) Alaris does not have any non-equity incentive plans for non-employee directors.

EXECUTIVE COMPENSATION

COMPENSATION GOVERNANCE

The CG Committee is a committee of the Board that is responsible for reviewing and monitoring Alaris' compensation program in light of corporate goals and objectives, and recommending changes to the Board, as well as recommending to the Board, the level and form of compensation to be made to Management and Alaris' directors. For a more complete description of the role, powers, duties and responsibilities of the CG Committee, particularly with respect to compensation matters, please refer to the discussion in Schedule 1 of this Information Circular.

The CG Committee currently consists of John P.A. Budreski (Chair, Compensation Matters), E. Mitchell Shier (Chair, Governance Matters) and Robert Bertram. All members of the CG Committee are "independent" within the meaning of the relevant CSA rules and standards. For more information on the determination of independence of the CG Committee members, please refer to the discussion in Schedule 1 of this Information Circular.

For information concerning each member's direct experience relevant to his responsibilities in executive compensation, please see the Director descriptions beginning on page 15 of this Information Circular.

COMPENSATION REVIEW

The CG Committee and the Board believe that an effective compensation program appropriately rewards long-term growth and performance and does not encourage inappropriate risk taking. In developing our compensation program, the CG Committee and the Board have developed a set of guidelines to ensure the program meets the foregoing objectives. Such guidelines are more particularly described in the "Executive Compensation Discussion and Analysis" section of this Information Circular beginning on page 25 herein. These guidelines are intended to be guidelines only, and the Board continues to have the discretion to adjust or change such guidelines as circumstances warrant.

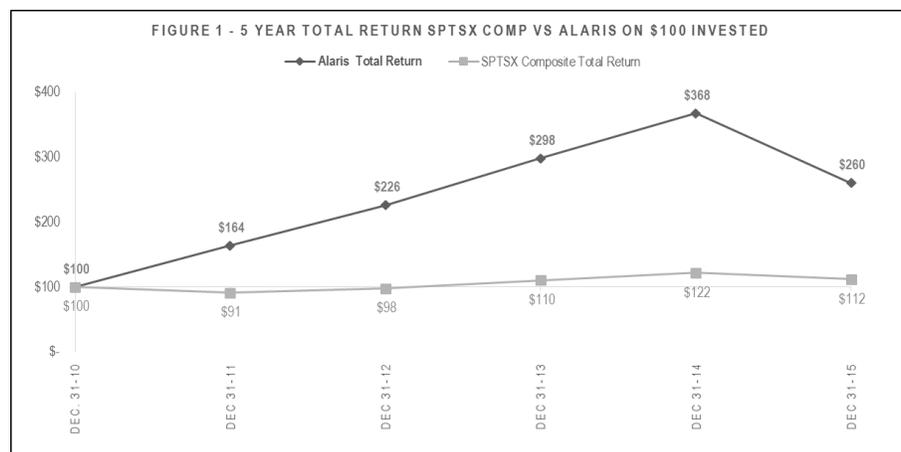

As of the date of this Information Circular, the CG Committee has not taken any new actions, decisions or policies which would have had a material effect on Alaris' executive compensation program.

PERFORMANCE GRAPHS & COMPENSATION RELATIVE TO SHAREHOLDER RETURN

During 2015, while the United States continued to experience modest economic growth, Canada's economy slowed. The fiscal year 2015 saw the financial markets in both Canada and the U.S. experience increasing volatility and the global economic recovery and expansion continued to be impacted by certain geopolitical events. Resource heavy Canadian markets were also impacted by a dramatically decreasing crude oil price throughout 2015, which weighed on the Canadian indices in general.

Despite these macroeconomic factors, Alaris continued to make solid progress in advancing its strategic agenda in 2015. Our strategic priorities include: generating stable and growing cash flows from existing Private Company Partners; adding new Private Company Partners both in Canada and the United States; and strengthening our relationships with our existing Private Company Partners by providing additional funding where required in furtherance of their initiatives. In 2015, Alaris: increased cash flow per share with the addition of accretive contributions into three new Private Company Partners (DNT, Federal Resources and MAHC) as well as additional cash flow per share from accretive follow-on contributions to existing partners; (ii) continued growth in cash flows from net organic increases of distributions from our Private Company Partners; and (iii) increased our monthly dividend twice to \$0.135 per share, representing an 8% increase in the annualized dividend per share. Although we achieved many of our financial goals and increased per share financial metrics vs. the prior year, it did not translate into a continuation of Alaris' trend over the last several years of outperforming the SP/TSX Composite Index in 2015. Total returns to Shareholders for the 12 months ended December 31, 2015 were (-29.1%) vs. (-8.1%) for the TSX S&P Composite Index (the "Index") over that same time period. This was the first negative total return year for Alaris since 2009 with total returns of 63.7%, 38.3%, 31.7% and 23.3% from 2010 through 2014. The decline in the price of the Common Shares in 2015 was not directly tied to Alaris' operating performance and was also influence by factors beyond Alaris' control. The trading price of the Common Shares on the TSX is subject to fluctuation based on a number factors (including, but not limited to, global and national economic conditions, changes in government, legislation, performance of our Private Company Partners, and other factors), many of which are outside the control of Alaris. In particular, in 2015 the Canadian indices underperformed our US counterparts significantly, primarily due to the weight of resource based listings on the TSX.

Figure 1 displays the total return on investing \$100 into both Alaris Common Shares and the Index on January 1, 2011, which includes reinvesting dividends for both at each year end. As can be seen from figure 1, the Common Shares have outperformed against the Index since January 1, 2011, despite negative total returns of -29.1% in 2015. Shareholders that have held Common Shares since January 1, 2011 have realized a total return (assuming dividends received were reinvested) of 160% based on the closing price on December 31, 2015 versus a 12%

return from the Index (assuming dividends received were reinvested). On share price alone, Shareholders have realized a 101.9% return as of December 31, 2015 on their Common Shares purchased January 1, 2011 versus a -3.2% decrease in the Index's value over that same time period. Alaris has paid dividends per share of \$1.05, \$1.18, \$1.36, \$1.48 and \$1.56 in 2011 through 2015 respectively while increasing the dividend nine times

(Data supporting figure 1)	Jan 1/11	Dec 31/11	Dec 31/12	Dec 31/13	Dec 31/14	Dec 31/15	Total Return
Alaris Royalty Corp. – Total Return	\$100	\$164	\$226	\$298	\$368	\$260	160%
S&P/TSX Composite Index – Total Return	\$100	\$91	\$98	\$110	\$122	\$112	12%

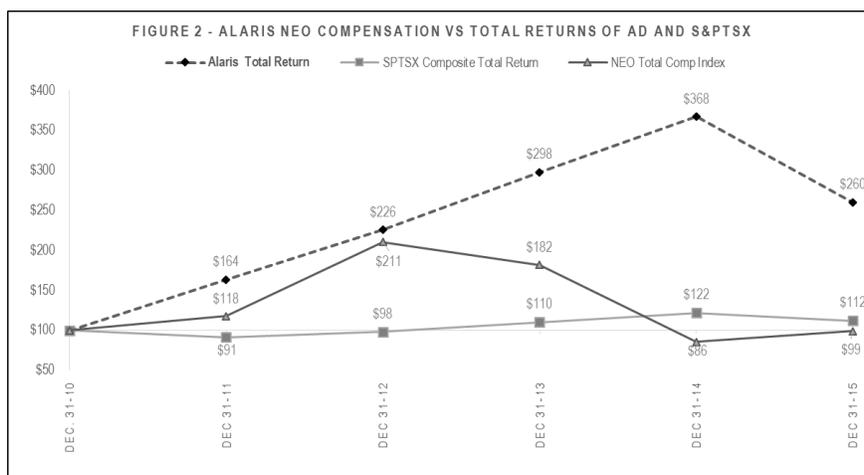

Note: the above data was based on the closing share price of Alaris' Common Shares at December 31, 2010 through December 31, 2015 as well as the value of the Index during those same time periods. It also includes the reinvestment of dividends received from both Alaris and the Index during the same time periods.

Our Board considers several factors in connection with its determination of appropriate levels of compensation, including, but not limited to, the Board's compensation philosophy and guidelines; the demand for and supply of skilled professionals in the financial services industry generally; individual performance; our corporate performance (which is not necessarily tied exclusively to the trading price of the shares on the TSX); and other factors discussed under "Executive Compensation Discussion and Analysis" beginning at

page 25 of this Information Circular. Furthermore, certain aspects (including bonuses and the vesting of RSUs) are based in part on the achievement of certain predetermined performance metrics and is measured against corporate performance, and does not necessarily track the changes in the market value of our Common Shares. As Options and RSUs form a significant portion of compensation, the total compensation for NEOs is affected by increases and decreases in the price of the Common Shares as the value of such Options and RSUs decrease as the Common Share price decreases.

Alaris has a very scalable business model, which has allowed it to operate with relatively low operating costs and work force in comparison to the revenues and profit it generates. Alaris has hired five new employees in the last 24 months to take total staff to thirteen. In 2015, Alaris generated revenue of \$82.8 million and normalized EBITDA of over \$69.7 million. This equates to revenue and EBITDA per employee of over \$6.4 million and \$5.4 million respectively. For comparison purposes, Alaris had \$16.7 million and \$12.4 million of revenue and normalized EBITDA in 2010 and a head count of eight, which equated to \$2.08 million and \$1.55 million per employee respectively. See the Financial Statements and Annual MD&A for a description of how Alaris calculates EBITDA and normalized EBITDA, both of which are non-IFRS measures and should be read in conjunction with the Financial Statements, copies of which are available under Alaris profile at www.sedar.com.

Figure 2 displays our executive compensation (“NEO Total Compensation Index”) relative to the total returns to our Shareholders and the total returns of the Index over a 5 year period from January 1, 2011 to December 31, 2015 based on a base of \$100 in the starting year. As can be seen, the total return provided to Alaris shareholders has outpaced the values of both the Index and the NEO Total Compensation Index. NEO total compensation is highly variable and is the result of several factors including a variable bonus program and the issuance of options and performance

based RSUs as well as a moderate base salary. Total gross NEO compensation increased in 2015 vs. 2014 but is still well below 2013 and 2012 levels due to higher levels of bonuses in those years as well as higher values of stock based compensation issued to NEOs in 2012 and 2013. 2015 NEO total compensation was higher than 2014 as a result of a higher level of stock based compensation being issued to NEOs in 2015 vs. 2014, which offset the smaller bonus paid in 2015 vs. 2014. The NEO Total Compensation index is influenced by a number of factors, most specifically; (a) stock based compensation (options and RSUs) varies year to year depending on the shares available to grant under each program during the year, (b) Alaris has hired 3 new non-NEO executives and 2 non-executive employees over the past 24 months, resulting in a distribution of compensation (bonus and stock based) among more individuals than in the past and (c) cash bonuses are based on the increase in Total Cash Available for Distribution each year and therefore could fluctuate significantly year over year. On a per share basis, gross NEO compensation is being divided by an increasing weighted average shares outstanding number in the denominator over recent years therefore resulting in a decreasing per share metric for NEO compensation vs. 2013 and 2012.

(data for figure 2)	Dec 31-10	Dec 31/11	Dec 31/12	Dec 31/13	Dec 31/14	Dec 31/15

Note:

- Alaris NEO Total Compensation Index was derived by dividing total NEO compensation by the weighted number of shares outstanding for each given fiscal year end. These share numbers can be found in our annual financial statements for each applicable year, as filed under our profile on SEDAR. The NEO Total Comp. Index goes up or down based on the year over year change in the NEO total compensation per weighted share outstanding.
- Salary, perquisites and other compensation are paid throughout the year, with any adjustments thereto being determined in August of each year. Bonus payments and stock based compensation awards are determined and paid in August of each year.

Executive compensation is largely performance based, with such performance being determined on the basis of improvement in cash flow per share rather than share price. As such, it is expected to continue to be positively correlated to the returns shareholders receive (in normal market conditions) where those returns are a result of dividends being paid (and increased) as well as a rising share price, which along with other factors could be the result of Alaris increasing its cash flow per share. In addition, Alaris' compensation levels are set in August of each year, with such compensation being based on a twelve month period ended June 30 versus the same period in the prior year. As such, the amount of NEO compensation for a given year may not directly correlate with the performance of Alaris' shares ending at December 31 of each year. Due to the nature and timing of NEO compensation, the compensation is often a lagging result of the prior year (for example, if Alaris increased its cash flow per share in 2015, the bonus portion of the NEO compensation in 2016 would reflect this increase rather than 2015 NEO compensation).

EXECUTIVE COMPENSATION- RELATED FEES

Alaris did not pay any fees related to executive or director compensation consulting in 2014. In 2015, Alaris engaged Mercer (Canada) Limited to assist in the preparation and review of this Information Circular.

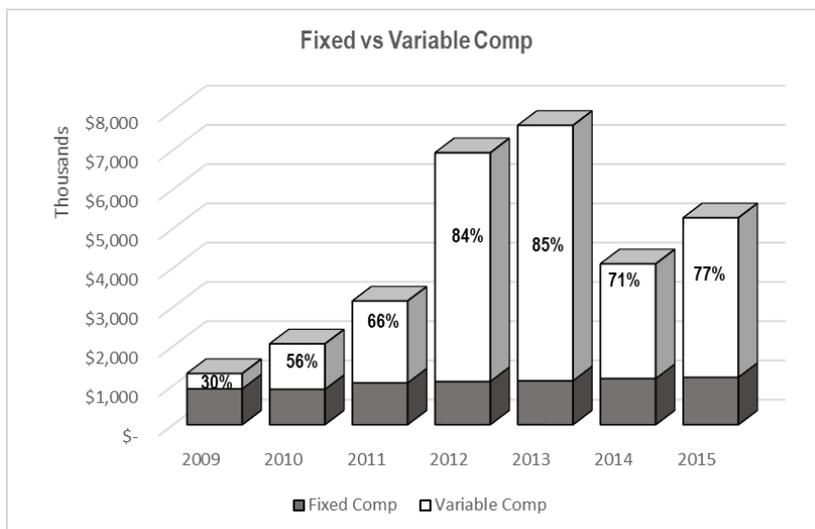

EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

1. COMPENSATION APPROACH AND OBJECTIVES

Alaris' approach to compensation is based on a "pay for performance" philosophy whereby fixed elements of pay such as salary, are positioned at, or below, market median levels, while short and long-term incentives are structured to provide above-market total compensation for high levels of corporate performance. As such, the Corporation's compensation program has been carefully designed to directly link compensation to the achievement of corporate performance goals that enhance shareholder value and create a strong alignment between shareholder and management interests.

With the foregoing philosophy in mind, the majority of the NEOs' compensation is comprised of variable "at risk" compensation in the form of bonuses, options and RSUs, the payment or vesting of which is dependent on the completion of accretive investments in new or existing Private Company Partners, the completion of related equity financings and the continued growth of Total Cash Available for Distribution (see "Variable Compensation as a Percent of Total Compensation" table to the right and "Executive Compensation Discussion and Analysis - 3. Program Components" below for further detail).

In the figure to the right, we display total compensation broken down by the variable and fixed portions and display the percentage

of variable compensation per year. As illustrated, variable compensation made up 77% (\$4.1 million) of total compensation (\$5.3 million) in 2015, up from 71% in 2014. The variable compensation Alaris NEO's receive consists of stock based compensation and a cash bonus, which is determined based on hitting the Total Cash Available for Distribution performance targets as mentioned on page 30 of this circular. The stock based compensation is derived by the value of the options and RSUs on issuance and isn't a true indicator of what the NEO will actually receive from the stock based compensation upon vesting or exercise, as applicable, as the option and RSU value fluctuates with share price. Also, the RSUs have performance targets that need to be met in order to vest. Of the variable compensation component in 2015, 78% was performance based (bonus and RSUs) while the future value of the other 22% (options) is dependent upon the share price at the time of exercise.

Our compensation practices are designed to provide an effective balance among four core compensation principles:

- Compensation is **aligned with overall Alaris performance**. It is linked to both corporate and individual performance.
- Compensation **encourages a long-term view to increasing Shareholder value**. A significant portion of each executive's variable pay is equity-based and encourages executives to take significant personal and financial interest in the long-term health and growth of Alaris.
- Compensation **does not encourage excessive or inappropriate risk-taking**. Compensation structures reflect risk and capital usage and a significant portion of each executive's compensation is deferred in the form of equity compensation that vests over multiple years.
- Compensation **helps attract and retain highly trained, experienced and committed talented people** and motivates them to excel against specified corporate objectives.

The governing objective of Alaris' compensation program continues to be to motivate Alaris' employees to build a highly diversified group of Private Company Partners in North America with a conservative financial structure and a stable and consistently increasing dividend stream to Alaris Shareholders. In meeting this objective, the intent of our compensation program is to motivate Alaris employees to: (1) pursue a series of judicious and accretive partnerships with new Private Company Partners that will result in a stable source of revenue, principally financed with debt financing, cash and/or equity from issuances of new Common Shares; (2) ensure a responsible use of debt; and (3) maintain relationships with our Private Company Partners for the long-term. In this manner, executive and director interests are aligned with those of Shareholders. Executives are evaluated annually and compensation awards are made annually (in August) as appropriate in light of such performance factors. Annual awards and allocations of Options, RSUs and bonuses to individual executives are recommended to the Board by the CG Committee, in consultation with the CEO and are intended to reflect an executive's level of responsibility, corporate performance and an individual's contribution thereto.

2. RISK ASSESSMENT

The CG Committee has considered the implications of the risks associated with Alaris' compensation program and has determined that the compensation program does not encourage an NEO to take in appropriate or excessive risks. Reasons for this determination include, without limitation, the following:

- Components of the compensation program are awarded on a discretionary basis;
- The compensation package for NEOs reviewed and assessed annually by the CG Committee and the Board;
- The compensation program consists of fixed components (base salary) and short and long term variable components (bonuses, Options and RSUs), and this is purposely designed to balance the level of risk taking while also focusing on generating long-term and sustainable value and growth for Shareholders;
- RSUs and Options, which make up a significant portion of an NEO's total compensation, vest over a period of three years (in the case of RSUs) or four years (in the case of Options), which acts to further mitigate against the potential for in appropriate short-term risk taking;
- Part of the grant of Options and RSUs to NEOs is based on the amount of capital provided to new and existing Private Company Partners during the applicable Compensation Period. Transactions with new and existing Private Company Partners must be approved by the independent Board members and cannot be concluded at management's discretion without such approval;
- There are no compensation policies and practices that are structured significantly differently for any NEOs; and
- An NEO that resigns or is terminated for cause forfeits their bonus and, unless otherwise determined any unvested, outstanding Options or RSUs.

The CG Committee will continue to monitor compensation governance and risk assessment practices on an ongoing basis to ensure that Alaris' compensation program is appropriately structured.

Restrictions on Certain Hedging Activities and Financial Instruments

No insider, employee or consultant of Alaris may, directly or indirectly: (a) sell a security of Alaris if the person does not own or has not fully paid for the security to be sold; (b) buy or sell a call or put in respect of a security (c) engage in short sales of securities; or (d) purchase financial instruments (including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds) that are designed to hedge or offset a decrease in market value of equity securities of Alaris granted as compensation or held, directly or indirectly, by such person. However, insiders, employees or consultants may sell a Common Share that they do not own if they own another security convertible into Common Shares or an option or right to acquire Common Shares sold and, within 10 days after the sale, they: (i) exercises the conversion privilege, option or right and delivers the Common Share so associated to the purchaser; or (ii) transfers the convertible security, option or right, if transferable to the purchaser. We believe that such arrangements

reduce the risk of equity ownership by directors, officers, employees and consultants and thereby negate the alignment of interests of such persons with those of Shareholders. These restrictions are designed to ensure the continued alignment of the interests of our directors, officers, employees and consultants with shareholders.

Executive Compensation - Market Analysis

As discussed above, the Corporation has spent considerable time and effort in designing and refining a compensation program that "pays for performance" and that directly aligns the interests of Alaris' NEOs with Shareholders. This pay for performance philosophy will continue to be the primary tool the CG Committee uses to assess and set NEO compensation. However, In order to provide context for, and assess the reasonableness of, its compensation decisions the CG Committee does from time to time review executive compensation practices and pay levels at companies that share some of the Corporation's attributes, including the following:

- (i) non-resource based royalty collecting entities;
- (ii) dividend paying entities;
- (iii) inclusion in the S&P/TSX Composite Index;
- (iv) similar market capitalization; and
- (v) inclusion in the "diversified equities" category (or other similar category) by securities analysts in the industry and whom follow Alaris.

Given the Corporation's unique business model none of the companies included in this analysis is considered to be directly comparable to Alaris. Accordingly, while the CG Committee will continue to conduct these comparative reviews as part of its compensation decision-making process, the Corporation's executive compensation program has not been designed with specific reference to the structures in place at any of these companies, nor has the compensation paid to Alaris' NEOs been set by benchmarking it against these companies' pay levels.

3. PROGRAM COMPONENTS

Compensation-Key Components

Alaris' compensation program seeks to evaluate an executive based on both corporate and individual performance. Corporate performance is measured through two primary means, namely:

- (1) an evaluation of financings completed by Alaris to raise funds for reducing debt utilized for or to directly fund contributions to new and existing Private Company Partners; and
- (2) Total Cash Available for Distribution per Common Share (see "*RSU Plan – Definition of Total Cash Available for Distribution*" on page 30 of this Information Circular for more detail on the concept of Total Cash Available for Distribution).

Individual performance is generally evaluated based on individual expertise and responsibilities, leadership and achievement of personal performance goals and objectives as well as individual contribution to corporate performance (including a review of a NEO's specific contribution on equity financings, partner contributions and public company administration).

The key components and guidelines of Alaris' compensation program for executives are outlined in the table below.

Component	Purpose	Form	How it is Determined
Base Pay (Salary)	Forms a relatively small component of total compensation and compensates individuals for fulfilling their role responsibilities.	Cash	Salaries are based on available market place information, as well as an executive's experience, performance and level of responsibility. Salaries are also determined with consideration to Alaris' total compensation package. An approach of moderate base salaries and a higher incentive component to employee compensation continues to be appropriate to encourage long-term corporate and individual performance. It is intended that base salaries will increase as Alaris' corporate size, complexity and responsibilities, increase. In addition, salaries may be adjusted based on corporate performances. All salary adjustments are at the discretion of the Board.
Option Plan	Promotes an ownership perspective among executives, encourages executive retention, encourages executives to generate sustained share price growth over the longer term (4 years) and aligns Management's interests with Shareholders interests.	Options	Option Plan awards are made upon the commencement of an executive's employment with Alaris and will be based on the executive's experience, skill set and level of responsibility within Alaris. Additional grants may be made at the discretion of the board and are based on the individual's contribution to corporate performance during the compensation period, as well as the overall competitiveness of the executive compensation package. As a general guideline, the number of outstanding Options granted to Alaris employees under the Option Plan shall not exceed approximately 6% of Alaris' outstanding Common Shares (calculated at the time of grant of new Options); provided that the Board maintains discretion to grant options in excess of this threshold to new employees or in such other circumstances as the Board deems appropriate.

Component	Purpose	Form	How it is Determined
			It is intended that an annual grant of Options to employees, with the number of such Options being calculated with reference to several factors, including the number of outstanding Common Shares during the applicable Compensation Period, corporate performance over the Compensation Period and the options available to be issued during the applicable Compensation Period. New Options may also be issued once Options have expired to ensure the approximate 6% threshold is maintained. In 2015 an aggregate of 538,847 Options were issued to all employees (403,847 of which were granted to NEOs).
Bonuses	To recognize and encourage short term efforts which are critical to the long-term success and positive performance of Alaris.	Cash	Bonuses are intended to be awarded annually but are discretionary in nature based on the Board's assessment of individual contribution, performance and level of responsibility and overall corporate performance (including a review of contributions of capital to new and existing Private Company Partners during the Compensation Period as well as increases in Total Distributable Cash per share). As a general guideline, the aggregate annual bonus paid to Alaris employees is intended to be based upon 20% of the incremental annual increase, if any, to Alaris' "Total Cash Available for Distribution" (described on page 30 of this Information Circular).
RSU Plan	Encourages executives to create sustainable Shareholder value and returns over a three-year performance cycle and aligns Management's interests with Shareholders interests.	Restricted Share Units (RSUs)	RSU vesting is based on the achievement of Total Cash Available for Distribution and performance targets (described on page 30 of this Information Circular). RSU Plan awards are made upon the commencement of an executive's employment with Alaris and will be based on the executive's level of responsibility within Alaris, experience and skill set. Additional grants may be made at the discretion of the board and will be based on the individual's contribution to corporate performance during the Compensation Period, as well as the overall competitiveness of the executive compensation package. As a general guideline, the number of outstanding RSUs granted to Alaris employees under the RSU Plan shall not exceed approximately 0.5% of the outstanding Common Shares (calculated at the time of a grant of RSUs); provided that the Board maintains discretion to grant RSUs in excess of this threshold (subject to the aggregate limits discussed below in "Equity Incentive Plans – RSU Plan") to new employees or in such other circumstances as the Board deems appropriate. It is intended that there will be an annual grant of RSUs to executives with the number of such RSUs being calculated with reference to several factors, including: the number of outstanding Common Shares during the applicable Compensation Period, corporate performance over the Compensation Period and the RSUs available to be issued during the applicable Compensation Period. New grants may also be made once RSUs may expired or vested. In 2015 an aggregate of 132,280 RSUs were issued to employees (of which 104,000 were granted to NEOs).

Notes:

- (1) The amount shown is based on the fair value of RSUs awarded under the RSU Plan on the date of grant to the executive officers noted above. However, the value of an RSU to be recognized by the executive officer for income tax purposes on the date an RSU vests will be the fair market value of the Common Shares on such date and can therefore fluctuate from the grant date fair value used to calculate the value disclosed in the table above. As of the date of this Information Circular, none of the RSUs granted to the NEOs have vested.
- (2) The amount shown is based on the fair value of Options granted under the Option Plan on the date of grant to the executive officers noted above. The fair value on the grant date for compensation purposes is calculated using Black Scholes Option pricing methodology, using the following assumptions: a five year term for the Options; a four year vesting period; a risk free interest rate of 0.96% (2014 - 1.46% 2013 - 1.58%); a dividend yield of 6.51% (2014 - 4.82% 2013 - 4.25%); and a 25% (2014 - 26% 2013 - 32%) volatility in share price. This methodology was selected due to its acceptance as an appropriate evaluation methodology for companies of similar size as Alaris. The value of the Options disclosed in the table above can fluctuate from the imputed value derived under the Black Scholes method of evaluation.
- (3) Alaris paid an aggregate amount of \$825,000 in bonuses to all employees in 2015. The aggregate bonus paid was equal to 20% of the incremental annual increase to Alaris' Total Cash Available for Distribution for the applicable period. The CEO makes a recommendation to the CG Committee for the allocation of the bonus pool for all non-executive employees, NEOs, non-NEO executives, other than the CEO, based on an individual's contribution to corporate performance, performance, level of responsibility and corporate performance. The CG committee evaluates the CEO based on the same criteria and determines the allocation of the bonus pool for the CEO and then the CEO determines the allocation for non-executive employees and other NEOs.
- (4) The value of perquisites received by each of the NEOs, including property or other personal benefits provided to the NEOs that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the NEO's total salary for the financial year.
- (5) This amount represents the value of perquisites and Dividend Entitlements received by the NEO during the fiscal years ending December 31, 2013 or 2014 pursuant to the RSU Plan. The value of a Dividend Entitlement is determined by multiplying the amount of a dividend declared and paid per Common Share by the number of RSUs recorded in a participant's account on the dividend record date. Effective July, 2014, the Company ceased paying Dividend Equivalents to NEO's (along with all other employees' salaries were increased as a result thereof.
- (6) No compensation paid to Mr. King reflected in this column was paid to him in his capacity as a Director of the Corporation.
- (7) The salaries set forth in this column represent the actual salaries paid for the fiscal year, including any increases in salary for the given year.
- (8) Mr. Ervin commenced his employment with Alaris in October 2013. The salary amount for 2013 represents the actual salary paid to Mr. Ervin for 2013 (in 2013 Mr. Ervin's annualized salary was \$160,000). The options and RSUs recorded in 2013 for Mr. Ervin were not granted until January 2014 but were approved and intended to be granted in 2013 as part of Mr. Ervin's employment agreement. These were not granted in 2013 due to certain restrictions under the plans.

Notes to outstanding share based awards and option based awards table:

- (1) Calculated based on the difference between the market price of the securities underlying the Options, which was \$23.50 at December 31, 2015 and the exercise price of the Options and includes total vested and unvested options.
- (2) Calculated based on the market price of the Common Shares on the TSX as of December 31, 2015, which was \$23.50. The payout value of RSUs that have not vested assumes that the performance targets have been met. The value of an RSU to be recognized by the executive officer for income tax purposes on the date the RSU vests will be the market value of the Common Shares on such date and therefore can fluctuate from the price used to calculate the value disclosed in the table above.

SCHEDULE 1- STATEMENT OF CORPORATE GOVERNANCE PRACTICES

At Alaris Royalty Corp., we aspire to uphold high standards of corporate governance which reflect not only applicable legal and regulatory requirements but also emerging best practices. As a Canadian reporting issuer with securities listed on the TSX, our corporate governance practices meet applicable rules adopted by the Canadian Securities Administrators ("CSA") and the TSX.

We continue to monitor regulatory changes and best practices in corporate governance and will consider amendments to our governance practices as appropriate. Throughout this Schedule, references to documents and information available can be found at www.alarisroyalty.com. In addition, any information located on the website is also available in print to any Shareholder upon request to the Corporate Secretary's Department at the address set out on page 38 of this Information Circular.

BOARD OF DIRECTORS (THE "BOARD")

Director Independence

All directors, with the exception of Stephen King, standing for election to the Board on May 11, 2016 are 'independent' within the meaning of the relevant CSA rules.

The Board has adopted categorical standards for determining whether a director is "independent" within the meaning of the CSA rules, and whether each member of the Audit Committee meets the applicable Canadian independence criteria for membership on public company audit committees. In summary, a director is "independent" under Alaris' standards if the Board determines that the director has no material relationship with Alaris or any of its affiliates or its Auditor, either directly or indirectly, or as a partner, shareholder or officer of an entity that has a material relationship with Alaris. For these purposes, a material relationship is one which could, in the view of the Board, be reasonably expected to interfere with the exercise of director's independent judgment. In addition, certain individuals are deemed to have a material relationship with an issuer (including certain key employees or executive officers, or family members thereof) for Audit Committee purposes.

On an annual basis, the CG Committee and the Board participate in the determination of director independence. The determinations are based on information concerning the personal, business and other relationships and dealings between the directors and Alaris, its affiliates, Shareholders and Auditors. The determinations take into account information derived from Alaris' records and reports, and information about entities with which the directors are involved. The Board examines the materiality of these relationships not only from Alaris' standpoint, but also from that of the persons or organizations with which the director has a relationship.

The Board had determined that all directors standing for election to the Board on May 11, 2016 are "independent" within the meaning of the relevant CSA rules and standards, with the exception of Stephen King who is considered to have a material relationship with Alaris and its subsidiaries by virtue of his position as the President and CEO of Alaris since 2008. The Board has also determined that all members of the Audit Committee meet the additional Canadian independence requirements for membership on public company audit committees (as set out in *National Instrument 52-110-Audit Committees*).

Additional information relating to each director standing for nomination, including other public company boards on which they serve, the value of their equity holdings in Alaris, and their attendance record for all Board and Committee meetings during fiscal 2015 can be found beginning on page 15 of this Information Circular.

Independent Chair

The Chairman of the Board allows the Board to operate independently of management and provides directors with an independent leadership contact.

The roles of Chairman of the Board and CEO are separate at Alaris. Mr. Lee, an independent member of the Board, was appointed Chairman of the Board effective July 31, 2008.

The Chairman of the Board ensures that the Board operates in partnership with but independently of management and that directors have an independent leadership contact. He manages the affairs of the Board, with a view to ensuring that the Board functions effectively and meets its obligations and responsibilities to facilitate the achievement of the goals of Alaris, and leads the Board in the execution of its responsibilities to Shareholders. The Chairman further sets Board agendas, oversees the quality and process of information sent to directors concerning Alaris' activities, and reviews any comments or requests made by an independent director. In addition, the Chairman is charged with the responsibility of assisting the independent directors with fulfilling their governance responsibilities and overseeing the governance obligations of the Board and each Board Committee generally.

At each regularly scheduled quarterly Board meeting, the Chairman of the Board presides over a session of the "independent" directors at which "non-independent" directors and members of management are not present. At each regularly scheduled Board Committee meeting, each Board Committee also has a session without management present during the course of each of its meetings. Information to be conveyed and actions undertaken as a result of the sessions are communicated by the Chairman to relevant parties, as appropriate.

Board Size

The current membership and size of the Board provides the necessary breadth and diversity of experience, is generally of a size to provide for effective decision-making and staffing of Board committees, and addresses succession planning requirements.

The matter of Board size is considered formally on an annual basis by the Board and on an ongoing basis by its CG Committee. The Board is of the view that its current membership has the necessary breadth and diversity of experience and is generally of a size to: (i) provide for effective decision-making, (ii) enable the staffing of Board committees, and (iii) address succession planning requirements. At the Meeting, seven (7) directors will stand for election.

Board Mandate

The Board mandate sets out the responsibilities to be discharged by the Board as well as the personal and professional attributes and the duties of responsibilities required of each director.

The Board, either directly or through its Committees, is responsible for the supervision of management of the business and affairs of Alaris with the objective of enhancing shareholder value.

The Board Mandate is set out in Schedule 3 of this Information Circular and outlines the responsibilities to be discharged by the Board as well as the personal and professional attributes and the duties and responsibilities required of each director. The Board reviews the Board Mandate at least annually. The Board has determined that the Board Mandate continues to sufficiently outline the Board's responsibilities and expectations, and as such, no material amendments were made to the Board Mandate during 2015.

Meetings of Independent Directors

The Board and Board Committees regularly hold meetings of independent directors.

After each Board meeting held to consider interim and annual financial statements, the Board is scheduled to meet without management and non-independent directors. In addition, the Board has the opportunity to hold additional meetings independently of management and non-independent directors at the request of any independent director, or may excuse members of management and non-independent directors from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate. In 2015, the Board met without management and non-independent directors at each of the four regularly scheduled quarterly meetings and at none of the additional meetings held.

After each Audit Committee meeting held to consider interim and annual financial statements, the Audit Committee is scheduled to meet without management or non-independent directors and without auditors. In addition, the Audit Committee members have the opportunity to hold additional meetings independent of management, non-independent directors and auditors at their entire discretion, whenever they deem necessary. In 2015, the Audit Committee met without management and non-independent directors, and without auditors at each of the four regularly scheduled quarterly meetings and at none of the additional meetings held.

At each regularly scheduled CG Committee meeting, the CG Committee is scheduled to meet without management and non-independent directors during the compensation portion of such meeting. In addition, the CG Committee members have the opportunity to hold additional meetings independent of management and non-independent directors at their entire discretion, whenever they deem necessary. In 2015, the CG Committee met without management and non-independent directors during the compensation portion of each of the two regularly scheduled meetings.

Position Descriptions

The Board has adopted Chairman of the Board, Committee Chairs and Director and CEO position descriptions.

As described above, the Board Mandate defined the roles and responsibilities of the Board and management. In addition, the Board has adopted position descriptions for the Chairman of the Board and the Committee Chairs. These descriptions set out the responsibilities and duties of the Board and Committee Chairs in guiding the Board and the Committees, respectively, in the fulfillment of their duties. The Board has also adopted a Director position description and a position description for our CEO. The Board reviews these positions at least annually. The Board has determined that these position descriptions continue to sufficiently outline the responsibilities and expectations of each position, and as such, no material amendments were made to these position descriptions during 2015.

In addition, the CG Committee, with the assistance of the Chairman of the Board, reviews and approves corporate goals and objectives that the President and CEO is responsible for meeting each year. The Committee, with the assistance of the Chairman of the Board, also conducts an annual assessment of the President and CEO's performance in relation to those objectives and reports the results of the assessment to the Board.

Orientation and Continuing Education

Directors are provided with orientation and ongoing education regarding Alaris, as required.

The CG Committee is primarily responsible for the orientation and education of directors. All new directors receive a comprehensive orientation upon their election or appointment to the Board. The orientation includes:

- a detailed briefing with the Chairman of the Board;
- a detailed briefing with the chair of the CG Committee, regarding compensation and governance matters;
- a detailed briefing on the role and expectations of the director in Alaris and other matters by Alaris' Chief Legal Officer;
- a detailed briefing on the legal duties and obligations required of a director of a publicly-traded company, as well as Alaris' governance model, principles and practices;
- a detailed briefing on Alaris and its business; and
- a tour of Alaris' head office.

New directors are also provided with a Directors' Manual containing:

- details of Alaris' organizational structure and business;
- historical information about Alaris;
- information on Alaris' strategic plan and key agreements;
- the structure of the Board and its committees;
- relevant position descriptions;
- corporate policies.

This Director's Manual is updated from time to time as information relating to Alaris and its business changes.

Prior to agreeing to join the Board, new directors are given a clear indication of the workload and time commitment required. The orientation program is reviewed regularly by either the Board or the CG Committee in connection with new appointments.

Directors are expected to attend all Board and Committee meetings in person, although attendance by telephone is permissible in appropriate circumstances. Directors are also expected to prepare thoroughly in advance of each meeting in order to actively participate in the deliberations and decisions.

Alaris has a continuing education program for our directors, for which the CG Committee is responsible. The program was developed to help our directors maintain or enhance their skills and abilities, and update their knowledge and understanding of Alaris and its industry. The key components of the program include:

- A. **Regular briefings.** Directors are briefed regularly (and at least on a quarterly basis) on strategic issues affecting Alaris, and these briefings include reviews on the competitive environment and performance for Alaris and the Private Company Partners as well as any other developments that could materially affect the business of Alaris or its Private Company Partners. The briefings are conducted by the CEO, CFO and other members of Management.
- B. **Internal educational seminars and materials.** On an ongoing basis, as part of regular Board meetings, directors receive presentations on various aspects of Alaris' operations. In particular, during fiscal 2015, the Board and its Committees also received educational information and/or materials on a variety of matters and topics, such as:
 - Private Company Partner updates; developments; and key performance indicators;
 - new and pending changes in accounting standards;
 - corporate governance trends and current issues;
 - executive compensation, trends, issues and disclosure;
 - tax, corporate and securities laws in The Netherlands, the United States and Canada as they relate to the business activities and structure of Alaris and its subsidiaries;
 - new and pending changes in tax, securities and corporate legislation;
 - economic outlook for Canada and the United States.

Educational materials on economic matters and other topics relevant to the private equity industry are also included from time to time in the materials provided to directors in advance of meetings.

- A. **Annual Alaris Conference.** During 2015, Alaris hosted its fifth annual conference for the purpose of bringing together its directors and Management with the senior management teams of the Private Company Partners. The conference provided Alaris' directors the opportunity to obtain a more in-depth working knowledge of the business and affairs of each of the Private Company Partners, as well as the impact thereof on Alaris.
- B. **Annual Strategy Session.** The Board meets annually with management for a strategy session, where the board and management will review and consider, among other things: Alaris' annual performance, medium and long-term goals, strategic directives and any other material developments that may impact our performance.

Directors identify their additional continuing education needs through a variety of means, including informal discussions with Management and at Board and Committee meetings.

The Board believes that these procedures are practical and effective in light of Alaris' particular circumstances, including the size of Alaris, limited turnover of the directors and the experience and expertise of the members of the Board.

Ethical Business Conduct

The Board believes that providing a forum for employees and officers to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness fosters a culture of ethical conduct.

The Board has adopted a Comprehensive Code of Business Conduct (the "**Code**"), which provides a framework for directors, officers and employees on the conduct and ethical decision-making integral to their work. The Board, through its Audit Committee, reviews the operation of the Code and any waivers thereof. Since inception, no waiver from the Code has been granted. The Code is available on our website. At least annually, the Code is reviewed by Alaris' Chief Legal Officer to ensure that it complies with all legal requirements and is in alignment with best practices. In the event that amendments are needed, recommendations are made to the CG Committee and the Board for approval. Each year, every director, officer and employee must sign an acknowledgement that they have read, understood and complied with the Code.

The full text of the Code can be found at: www.alarisroyalty.com under the "Investors" section, subsection "Corporate Governance - Policies."

The Board has also adopted whistle-blower procedures which allow officers and employees who feel that a violation of the Code has occurred to report this violation on a confidential and anonymous basis. The procedures allow concerns regarding accounting, internal accounting controls or auditing matters to be reported on a confidential and anonymous basis, as well. Concerns may be raised by e-mail or telephone directly to the Chair of the Audit Committee or alternatively, to the Chair of Governance Matters, CG Committee. Once received, concerns are forwarded to the Chief Legal Officer or to the CFO in the case of issues involving the CEO or the Chief Legal Officer. Accounting, internal control or auditing concerns are dealt with by both Chief Legal Officer and the CFO. The Chief Legal Officer or CFO makes a determination as to the most appropriate forum for the concern in accordance with an established framework.

The Chief Legal Officer reports to the Audit Committee quarterly regarding concerns received through the whistleblower procedures. The Chair of the Audit Committee is notified of concerns relating to accounting, legal, internal accounting controls or auditing matters, and the Chairman of the Board is notified if such concern involves the CEO, and that individual determines the appropriate investigation to be carried out and any action to be taken at the conclusion of the investigation. In the case of concerns not relating to accounting, internal accounting controls or auditing matters, the Chief Legal Officer determines the appropriate review and actions to be taken.

The Board believes that providing a forum for employees and officers to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness fosters a culture of ethical conduct with Alaris.

The Board believes that its effectiveness is furthered when directors exercise independent judgment in considering transactions and agreements. As such, if at any Board meeting a director or executive officer has a material interest in a matter being considered, such director or officer must disclose the nature and extent of their interest and would not participate in any vote on the matter. In certain cases, an independent committee may be formed to deliberate on such matters in the absence of the interested third party.

Nomination of Directors

When candidates for director positions are considered, the competencies and skills that the Board, as a whole, should possess as well as the skill sets of current Board members and any additional skill sets deemed to be beneficial are considered, assessed and identified in light of the opportunities and risks facing Alaris when candidates for director positions are considered.

The CG Committee has responsibility for recruiting and recommending new candidates for appointment or election to the Board. At present, the CG Committee does not have a process by which it identifies new candidates for Board nomination but rather the identification of new candidates is done on an informal and ad hoc basis.

The CG Committee is also responsible for reviewing on a periodic basis the appropriate size of the Board and its composition, including the number of directors who are independent and analyze the needs of the Board and recommend nominees who meet such needs.

In March, 2013, the Board adopted By-Law No. 2, relating to advance notice of nominations of directors in circumstances where the nomination is made by Shareholders other than (i) pursuant to a requisition of a meeting made pursuant to the provisions of the CBCA and (ii) a Shareholder proposal made pursuant to the provisions of the CBCA (the "Advance Notice By-Law"). Shareholders subsequently approved the Advance Notice By-Law in April 2013. The purpose of the Advance Notice By-Law is to: (i) ensure all Shareholders are treated fairly by receiving proper notice of meetings and ensuring they are able to properly evaluate director nominees; and (ii) facilitate an orderly and efficient meeting process. A full copy of the Advance Notice By-Law is available as a securityholder document under Alaris' profile on www.sedar.com, and Shareholders are encouraged to read the by-law in its entirety.

Director Term Limits and other Mechanisms of Board Renewal

At this time, the Board does not believe that fixed term limits or mandatory retirement ages are in the best interest of Alaris; however, such matters continue to be under review by the Board. Therefore, it has not specifically adopted such limits or mechanisms for board renewal. When considering nominees for the Board, the CG Committee reviews: (i) the skills and experience of the current directors of Alaris to assess whether the Board's skills and experience need to be strengthened in any area; and (ii) assess the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management.

Diversity and Representation of Women on the Board and in Executive Officer Positions

Alaris has achieved a significant degree of gender diversity in its short history. Alaris currently has thirteen (13) employees, of which five (5) are female (representing approximately 39% of its total work force), including two (2) of the eight (9) officers of the Corporation (approximately 22% of its executive officers). In addition, there is currently one woman serving on the seven person Board, representing approximately 14% of the board members. Such diversity has been accomplished without any policies specifically addressing the identification and nomination of female directors or the appointment of female officers.

The Board believes that Board nominations and executive officer appointments should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board and management at the time. Alaris is committed to a meritocracy and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve our business objectives, without reference to their age or gender, is in the best interests of Alaris and all of its shareholders and other stakeholders.

The Board does believe that diversity can deliver strength, as different perspectives can broaden our view on the business environment, enhance our ability to identify risks and enable us to be more creative in solving problems. As such the CG Committee and the Board will encourage the consideration of women who have the necessary, skills, knowledge, experience and character when considering new potential candidates for the Board or officer appointments. Accordingly, when candidates are being considered for new Board and executive officer positions the CG Committee and the Board will encourage the inclusion of women who have the necessary skills, knowledge and experience and ensure that women candidates are being fairly considered against other candidates.

Based on the foregoing, the Corporation has not imposed quotas or targets regarding the representation of women on the Board and in executive officer positions. The Board believes that imposing mandatory quotas or targets regarding the representation of women in executive officer positions would compromise the principles of meritocracy.

Director Compensation

A non-employee director is compensated by the grant of Restricted Share Units.

The CG Committee has the responsibility, among other things, for formulating and making recommendations to the Board in respect of compensation relating to directors. In arriving at its recommendations, the CG Committee conducts a periodic review of directors' compensation having regard to recommendations from an independent compensation consultant and various governance reports on current trends in directors' compensation and compensation data for directors of reporting issuers of comparative size to Alaris. In 2014, the CG Committee and the Board determined that the payment of Dividend Equivalents on Director RSUs would be determined and that non-employee directors would be paid annual retainer fees in lieu thereof. The Board determined that director compensation is sufficient and continues to appropriately align director and Shareholder interests.

The compensation of Alaris' directors is described in this Information Circular under the heading "Directors Compensation" above.

Audit Committee

The Audit Committee oversees the integrity of Alaris' financial reporting, its internal controls, disclosure controls and procedures and internal audit function, and oversees compliance with legal and regulatory requirements, reviews and assesses the Auditor and sets standards of business conduct and ethics. The Audit Committee also considers risk issues in the context of Alaris' enterprise-wide strategic risk management framework.

The Audit Committee oversees the integrity of Alaris' financial reporting, its internal controls (including internal control over financial reporting), disclosure controls and procedures and internal audit function, and its compliance with legal and regulatory requirements. The Audit Committee also reviews and assesses the qualifications, independence and performance of the Auditor. The Audit Committee also functions as Alaris' conduct review committee and as such its responsibilities include setting standards of business conduct and ethics for directors, senior management and employees. In addition to being "independent", each member of the Audit Committee has been determined to be "financially literate", as such term is defined under *National Instrument 52-110-Audit Committees* and under CSA standards. The definition of "financially literate" adopted by the Board pursuant to these rules and standards are set forth in the Audit Committee's Mandate, which may be found on our website and in our AIF.

At meetings of the Audit Committee, members of the Committee meet separately (without other management present) with the Auditor to review specific issues.

The Audit Committee requires management to implement and maintain appropriate internal controls. The Committee approves and oversees the internal control policy and audit mandate. The Committee meets quarterly with Auditor and management on matters of internal control. The Committee also pre-approves all audit and non-audit work performed by the Auditor.

The Audit Committee also oversees the framework to identify and manage risk, including adherence to risk management corporate policies, and compliance with risk-related regulatory requirements. The Audit Committee approves corporate policies and risk limits that address the management of the risk and return associated with credit, market, liquidity, operational and business risk, and such other risk management controls as are considered by the Committee to be appropriate for prudent business practice. Strategic decisions may be reviewed at the request of the Board to advice on the risk impact. The Audit Committee also reviews the methods and procedures established by management for control of key risks.

Additional information relating to the composition of the Audit Committee, the Committee Mandate, and the relevant education and experience of its members is set out under the heading "*Audit Committee Information*" in our AIF. The fees paid to the Auditor in the last two fiscal years are described in such AIF.

ASSESSMENT OF DIRECTORS AND BOARD COMMITTEE EFFECTIVENESS

Alaris has instituted a variety of methods for assessing the effectiveness of the Board, its Committees, the Chairman of the Board, the Committee Chairs and the individual directors. The results of the assessments form the basis of recommendations to the Board on the appropriateness of the current mix of directors, improvements that can be made to Board processes and the continuing education needs of the Board.

Annual Assessment of Individual Directors

Individual Directors evaluate each other.

The CG Committee annually conducts a peer evaluation process to provide feedback to individual directors on their effectiveness. Assessment forms are annually approved by the Board, and then provided to each director and the results are compiled by the Chair, Governance Matters, of the CG Committee and discussed with the Board. The survey requires that every director assess the contribution of each of his or her peers in relation to the standards of performance established in the Board Mandate, which sets out the personal and professional attributes and duties and responsibilities required of each director. The Chairman of the Board receives a copy of the scores for each individual director's peer assessment and then meets with each director to discuss his or her peer assessment.

Annual Assessment of the Board

Individual Directors evaluate the Board as a whole.

The CG Committee also conducts an annual evaluation of the effectiveness of the Board and its Committees through surveys completed by each director. This evaluation is conducted through assessment forms annually approved by the Board and provided to directors, which cover the operation of the Board and its Committees, the adequacy and timeliness of information provided to directors, Board and Committee structure, agenda planning for Board and Committee meetings, contributions of Board and Committee members, strategic direction and process, and takes into account the duties and responsibilities enumerated in the Board and Committee Mandates. The results of the forms are compiled by the Chair, Governance Matters of the CG Committee and discussed with the Board, who considers whether any changes to the Board processes, composition or committee structure are appropriate. Additionally, Management is advised of any suggestions made by directors for enhancement of processes to support the work of the Board.

Annual Assessment of the Audit Committee

Individual Members of the Audit Committee evaluate the Audit Committee as a Whole.

The CG Committee also conducts an annual evaluation of the effectiveness of the Audit Committee. This evaluation is conducted through assessment forms which are annually approved by the Board and provided to and completed by members of the Audit Committee. The assessment forms cover the purpose of the Audit Committee, its operation, composition, and process, and takes into account the duties and responsibilities enumerated in the Audit Committee Mandate. The results of the forms are compiled by the Chair, Governance Matters of the CG Committee, and discussed with the Audit Committee and the Board.

COMMUNICATION POLICY

A disclosure committee comprised of the CEO, CFO and Chief Legal Officer/Corporate Secretary is responsible for reviewing all annual and interim filings and ensuring the timely public release of material information relating to Alaris.

The Board has approved an External Communication Policy covering the timely dissemination of all material non-public information. This policy, which is reviewed annually, establishes consistent guidance for determining what information is material and how it should be disclosed to avoid selective disclosure and to ensure that material information is widely disseminated. The guidelines and procedures outlined in this policy form the basis for how Alaris employees carryout Alaris' disclosure practices.

Pursuant to the terms of the External Communication Policy, Alaris has formed a Disclosure Committee comprised of the CEO, the CFO and the Chief Legal Officer and Corporate Secretary. This Disclosure Committee is responsible for reviewing all annual and interim filings, corporate presentations and marketing materials, and ensuring the timely public release of material information relating to Alaris. The CEO, together with the CFO, makes the final determination as to what information is material and must be publicly disclosed.

Alaris seeks to communicate with its shareholders and other stakeholders through a variety of channels, including the annual report, information circular, quarterly reports, annual information form, news releases, and website. Shareholder feedback is received through meetings with institutional shareholders. Feedback from retail shareholders is generally received by e-mail or telephone. Shareholder concerns are addressed promptly by Alaris' Investor Relations Manager. Wherever possible, appropriate changes are made in response to these concerns. Page 39 of the Information Circular contains the contact details for shareholders who wish to communicate directly with the Board. The Board believes these practices reflect best practices in shareholder engagement.

SCHEDULE 4- OWNERSHIP AND TRANSFER RESTRICTIONS

U.S. Investment Company Act Considerations and Restrictions

Based on its current assets, and absent an exemption under the U.S. Investment Company Act, Alaris may be deemed to be an "investment company" as defined in the U.S. Investment Company Act. The U.S. Investment Company Act, among other things, prohibits foreign investment companies from publicly offering their securities in the United States. However, Alaris relies on the exemption provided in Section 3(c)(7) of the U.S. Investment Company Act, which provides that a company is excluded from the definition of an "investment company", and is therefore excluded from regulation under the U.S. Investment Company Act, if its securities have only been issued to persons located in the United States or to U.S. Persons, or for the account or benefit of persons located in the United States or, U.S. Persons that are Qualified Purchasers and it does not make a public offering of its securities in the United States. Consequently, Common Shares will be issued by Alaris only: (i) outside the United States to non-U.S. Persons in offshore transactions in reliance on Regulation S, or (ii) inside the United States or to U.S. Persons, or for the account or benefit of, persons located in the United States or U.S. Persons that are Qualified U.S. Purchasers (which also requires the holder to be a Qualified Institutional Buyer under Rule 144A). Additionally, generally, Qualified U.S. Purchasers that hold Common Shares may not resell their Common Shares in the United States or to U.S. Persons, or for the account or benefit of persons located in the United States or U.S. Persons.

ERISA Restriction of No Ownership by Plans

For the reasons set forth in this section, Alaris will prohibit investment in Common Shares by "benefit plan investors" and other similar investors, and, therefore, will also prohibit transfers of Common Shares to such investors. For these purposes, "benefit plan investors" are "employee benefit plans" (within the meaning of Section 3(3) of ERISA) subject to Part 4 of Subtitle B of Title I of ERISA, plans (including individual retirement accounts and other arrangements) subject to Section 4975 of the U.S. Tax Code, and entities whose underlying assets are deemed to include "plan assets" under the Plan Asset Rules. Other benefit plans that are not subject to the Plan Asset Rules, such as the plans of churches or governmental entities or other non-U.S. plans, may be subject Similar Law, and, therefore will be treated by Alaris as benefit plan investors (together with benefit plan investors, "ERISA Plans").

If benefit plan investors hold Common Shares, Alaris may become subject to ERISA and applicable Plan Asset Regulations. The Plan Asset Regulations generally provide that when a benefit plan investor acquires an equity interest in an entity that is neither a "publicly-offered security" (as defined in the Plan Asset Regulations) nor a security issued by an investment company registered under the U.S. Investment Company Act, the benefit plan investor's assets include both the equity interest and an undivided interest in each of the underlying assets of the entity unless it is established either that equity participation in the entity by benefit plan investors is not "significant" or that the entity is an "operating company," as defined in the Plan Asset Regulations. Under the Plan Asset Regulations, equity participation in an entity by benefit plan investors will not be significant if they hold, in the aggregate, less than 25% of the value of each class of equity interests of such entity, excluding equity interests held by certain persons described in the Plan Asset Regulations.

If under the Plan Asset Rules or Similar U.S. Law, Alaris' assets are deemed to be "plan assets" of a benefit plan investor in Alaris, this would result, among other things, in (i) the application of the prudence and other fiduciary responsibility standards of ERISA to investments made by Alaris, and (ii) the possibility that certain transactions that Alaris or its subsidiaries have entered into, or may enter into, in the ordinary course of business might constitute non-exempt prohibited transactions under Section 406 of ERISA or Section 4975 of the U.S. Tax Code or Similar U.S. Law and as such, might be subject to fines and penalties and have to be rescinded. A non-exempt prohibited transaction may, under certain circumstances, also result in the tax disqualification of an individual retirement account that invests in Alaris.

The currently issued and outstanding Common Shares and any Common Shares subsequently issued by Alaris are not and will not be "publicly-offered securities"; Alaris is not, and does not intend to become a registered investment company under the U.S. Investment Company Act; and Alaris will not qualify as an operating company within the meaning of the Plan Asset Regulations. In addition, Alaris does not intend to monitor whether the level of investment in Common Shares by benefit plan investors will be "significant" for purposes of the Plan Asset Regulations. Consequently, Common Shares and any beneficial interests therein may not be held by ERISA Plans nor acquired using "plan assets" of any such investor. Each investor in Common Shares and each subsequent transferee, by acquiring or holding Common Shares or a beneficial interest therein, will be deemed to have represented, warranted, agreed and acknowledged that it is not (and during the period it holds Common Shares will not be) an ERISA Plan and no portion of the assets used to acquire or hold its interest in the Common Shares constitutes or will constitute "plan assets" of an ERISA Plan. Any breach of such deemed representation will void the investment in Common Shares *ab initio*.

Representations on Purchase for All Holders Whether or Not Located in the United States or U.S. Persons

When acquiring Common Shares, each purchaser thereof, whether or not they are located in the United States or a U.S. Person, will either make or be deemed to have made the acknowledgements, representations, warranties and agreements set forth in "*Legends on All Securities for Holders Whether or Not Located in the United States or U.S. Persons*" immediately below. Qualified U.S. Purchasers may not resell their Common Shares in the United States or to U.S. Persons, or for the account or benefit of persons located in the United States or U.S. Persons.

However, for the avoidance of doubt, a sale of the Common Shares on the TSX will be free of restriction and satisfy the obligations set forth herein and in "*Legends on All Securities For All Holders Whether or Not Located in the United States or U.S. Persons*", so long as the transaction is not pre-arranged with a buyer in the United States or a U.S. Person or a person acting for the account or benefit of a person located in the United States or a U.S. Person or with a person otherwise known to be in the United States, a U.S. Person or a person acting for the account or benefit of a person located in the United States or a U.S. Person and is otherwise conducted in accordance with Regulation S.

In general, under Rule 904 of Regulation S, Qualified U.S. Purchasers who are either: (a) non-affiliates of Alaris or (b) affiliates of Alaris solely by virtue of their status as an officer or director of Alaris may sell their Common Shares outside the United States in an "offshore transaction" (which would include a sale through the TSX) if neither the seller nor any person acting on its behalf engages in "directed selling efforts" in the United States. For a sale of Common Shares by an officer or director who is an affiliate of Alaris solely by virtue of holding such position, there would be an additional requirement that no selling commission, fee or other remuneration is paid in connection with such sale other than a usual and customary broker's commission. Under Regulation S, "directed selling efforts" means "any activity undertaken for the purpose of, or that could reasonably be expected to have the effect of, conditioning the market in the United States for any of the securities being offered" in the sale transaction. Certain additional restrictions apply to a Qualified U.S. Purchaser of Common Shares who is an affiliate of Alaris other than by virtue of his or her status as an officer or director of Alaris. As defined in Rule 144 under the *U.S. Securities Act*, an "affiliate" of an issuer is a person that, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the issuer and may include certain officers and directors of the issuer as well as principal shareholders of the issuer.

Legends on All Securities for All Holders Whether or Not Located in the United States or U.S. Persons

All Common Shares issued, and all certificates (or other evidences of entitlement) issued in exchange therefor or in substitution thereof, will bear the legend set forth below (whether they are issued in certificated form or are held through the book-based system maintained by CDS). This legend will be placed on certificates (or other evidences of entitlement) for purchasers outside the United States, as well as on certificates (or other evidences of entitlement) for purchasers that are located in the United States, are U.S. Persons or are persons acting for the account or benefit of persons located in the United States or a U.S. Person. Consequently, each initial holder and each subsequent purchaser of the Common Shares will, or will be deemed to, represent, agree and acknowledge as follows:
